Review of SSC Plan for 2019-2020	● *These are the things we decided to incorporate this year... (PPT)*	Greg	2
2018-2019 CAASPP Review	● *This reflects the percentage of children who were proficient on grade level standards last year...*	Dana	10

	● Compare overall 2018 to 2017 - What do we notice?
	  ○ What percentage of our students entered this year at grade level in ELA and Math?
	● What does this single data set tell us about what's working? > Map onto Instructional Core.
	  ○ What do we want to know about the impact of what's currently in place?
	● What other data from the Instructional Core could we look at (or staff report on) that would give us more information?
	We broke into groups to brainstorm about what the CAASPP data tells us, especially year over year declines. Gathered notes and will document them for next meeting.		

Create Questions for Staff Feedback	● *What do we want to know from Edison staff?*
	● (In teams) Use the following examples to create questions for staff:
	  ○ CAASPP data indicates __. What supports have made __ more effective?/ CAASPP data indicates __. What is needed to make __ more effective?
	  ○ What data should the SSC look at to inform decisions about __?
	  ○ Which of the following would be highest leverage support for __?
	  ○ If you change one thing about __, what would it be? (Be as specific as possible.)
	● Enter questions here.
	● Heat Map top 6
